**CIRCULAR No 38 of 2019**

**TO: ALL CLUBS**

**RE: Ladies Mid Week Pennant**

**Teams required**

Bowls ACT has had some interest from clubs wishing to enter some newer bowlers into Grade 3 or 4 competition. This is an excellent way to introduce newer bowlers to our pennant competition without feeling the pressure of playing at a higher grade. To make this viable we need all clubs to participate and nominate teams, not only of your established players, but include some bowlers who would like to play pennant at a lower grade.

Teams might be made up of, but not limited to, players that usually only play social bowls or are fairly new to the game. There is no particular criteria for players entering just nominate your preferred Grade when sending in entries. We have had some clubs join together to make up Pennant Teams and we would encourage you to do this again if you need numbers so more bowlers are able to get on the green.
