RE: Check In CBR App

The ACT Government is transforming their record keeping services away from using physical paper records towards mandatory use of the Check In CBR App. Clubs need to be aware of the change in procedure and all Members need to be accommodating of these changes to ensure that we remain on the front foot in starting COVID-Safe.

If your club is looking for further information regarding the Check In CBR App or is not currently using the App for all visitors to your greens and services please head to the link below. Bowls ACT would like to remind all clubs that "Sporting Activities" is listed as an activity which must utilise the Check In CBR App. Please ensure that you are up to date with all COVID requirements and following the Health directions to keep us all safe as we move forward in 2021.

[Check In CBR App Information and Registration](#)

If you are looking for further information please let me know and I can try to get you in touch with someone who can answer your questions.
