RE: Competition Review Survey

Bowls ACT will be undertaking a review of the Competitions it offers to members and clubs. In undertaking this review Bowls Act is looking to gain a further understanding of the interactions members currently have with the various competitions and how the competitions can be improved to increase interaction and provide a pathway for new bowlers to enjoy the sport.

The survey takes roughly 10 minutes to complete and will give Bowls ACT vital information to inform the decision making process surrounding the building of the 2022 calendar and competitions. Information collected in the survey will only be used for the purposes of the Competition Review and individual data will not be shared outside of Bowls ACT.

Respondents who record their email address at the end of the survey will be entered into a draw to receive free entry into Bowls ACT Championships for 2022 (Bowls ACT Championships only, does not include Club Championships). One email address will be selected at random at the closure of the survey to receive the prize before the email addresses are then removed from the data collected.

To complete the survey, please follow the link below. Please share this across the Bowls community as the more responses we can gather the more informed the decision making processes can be.
