

2022 Pennants – Rounds 1 & 2

It's been a long time coming but we're finally getting back into things with the Pennants kicking off for the 2022 season this weekend across two massive days. I hate to say it, felt like I said it enough in 2021, but mother nature is looking like the bad guy in an action movie again, looking to spoil the party for all involved. But! We persevere as always with our fingers crossed and all the four-leaf clovers we can find.

2022 will see the introduction of open gender pennants bringing together the Men's and Women's competitions of yesteryear into the one competition open to all. We're extremely excited to see this step taken and by the looks of the entries I'd suggest most people across the region are as well. We've got 44 sides entered into the competitions set to duke it out across 7 grades for 2022 in what I am sure will be an eventful season.

We'll look to bring you a slice of the action across the season to keep you up to date with who's in form with a review and a preview all packed in together each week. As things progress we'll try to bring you the stories that matter so you can look to the one source each week for everything in Pennant land.

We want you to get involved, so if you come across any stories then send them through to the details at the bottom of the page. Good luck to all throughout the season, let's get into things with a quick wrap of how each club sits running into the season as well as a quick snapshot of the grades and their opening 2 rounds across the double header.

Belconnen Bowling Club

Grades - 1, 2, 4, 7

It was an up and down year for Belconnen last year with a very mixed bag of results. In saying that though, the back end of the year proved fruitful for the club as they pulled themselves into finals positions across a number of grades. They'll be hoping they can carry that form into the early part of the season this year and put themselves out in front, rather than trying to play catch up. Plenty of handy inclusions across the top grade sees Belco sitting well placed to make a strong impact on the competition. Added talent at the top end leads to a bit more depth across the squads for 2022 and the club will be sure to have an impact across a number of grades this season.

Bungendore Bowling Club

Grades - 6

An almost fairytale story across 2021 saw Bungendore come agonisingly close to a Grand Final win in the Men's Grade 6 competition. They fell short on extra ends last year, but will they be able to keep the dream running through another season. Plenty of good things coming out of Bungendore at the moment, so let's hope they continue the trend on the greens as well.

Canberra Bowling Club

Grades - 1, 2, 3, 6

A mixed bag in 2021 for Forrest and The Cobras will be looking to take things to another level through 2022. They've lost Mark Casey but the strength of the club was built on depth, and they've done nothing but add to that depth through the offseason. A strong unit across all grades, CBC will be challenging across multiple competitions this year. Definitely one to watch out for at the pointy end.

Canberra North Bowling Club

Grades - 1, 3, 5, 7

A disappointing finish to the season with a form slump across several grades for Norths. The club will be looking to review where things went wrong at the back end in 2021 and start to put the pieces in place to move forward through 2022. I'd suggest they may not be getting the results early here, but the club is moving upwards through a strategic focus on the development of the Pennants program. Will be an interesting case study into Pennants if you're keeping an eye on Norths.

Crookwell Services Bowling Club

Grades - 3, 5, 7

Some strong results across 2021 through several grades for Crookwell and they'll be looking to take things to another level this year. Grade 5 Champions and they were in the mix for the other two, with the addition of the Women's arm we should be looking at a bit of extra strength for the club. One to keep an eye on in the lower grades, Crookwell will be eyeing off the Grand Final win in at least one of the grades.

Goulburn Railway Bowling Club

Grades - 2, 5, 6, 7

The Railway are looking to take it one step further in Grade 2 this year after coming undone in the Grand Final against Forrest last year. Plenty of strong bowlers across the rinks in Goulburn they'll feel pretty confident at having another run at it this year. The addition of the ladies across the grades will add some depth and atmosphere to the squads, with the ladies from the Railway proving a fan favourite across the course of 2021. Nevertheless the jury is still out, but good results early could prove handy with one green out until mid-season giving them some solid home games on the run into the finals.

Queanbeyan Bowling Club

Grades - 1, 2, 4, 5

After a strong performance in the Southern conference through 2021, Queanbeyan will be looking to take things another step forward through 2022. They've continued to build squad depth with the acquisition of some talented players during the offseason and will surely be challenging for the top spot again this year. The greens are running beautifully so far out at Farrer Place so far in 2022 and the club is building towards the future. A big step to be taken this year to prove themselves as players across the Pennants, but one that is within reach for the year.

Queanbeyan RSLM Bowling Club

Grades - 1, 4

After winning the Men's Grade 1 in 2021 QRSL will be looking for more of the same through 2022. The addition of some talented bowlers from the Women's side, who also topped the table on season end, and some growth from other areas will mean that QRSL will continue to challenge for the title. Never count out a club that has been there and done it before, I'd watch out for another strong season from the 2021 Champions. No doubt Wade has the greens in top condition approaching the weekend, so a weekend at QRSL is always to be enjoyed, never mind the scoreline.

Vikings Bowls Club

Grades - 1, 2, 3, 4, 5, 6, 7

Vikings will be looking to build on some of the ground work that was done through the 2021 season across the Men's and Women's arms of the club. The men fell just short of the finals in Grade 1 last year, but the Women managed to take out the Grade 2 title. Some very handy additions from the Women's side who have been in great form so far through the State Championships, Vikings will be feeling confident on their prospects as the season gets underway here. A bye in the first round across grades 1 and 2 means they can sit back and see how things play out, but no doubt when Sunday rolls around they'll be ready to go. Huge numbers with a team in all seven grades for the Vikings means there is plenty of depth at the club with no doubt they'll be eyeing off a couple titles.

Weston Creek Bowling Club

Grades - 1, 2, 3, 5, 7

Weston Creek will be confident they can improve on their 2021 results with plenty to look forward to coming into 2022. The Women's arm took out the Grade 1 Grand Final and as the two clubs come together for 2022 will be looking to make an impression across the competitions. With plenty of depth and some winning form through lower grades, the Creek will be looking to push their talent even further this year. I'd suggest there is a bit of a dark horse here for those of you playing along at home with a great spread of talent across the club sure to put up some strong bowls throughout the year, enough to challenge any opponent on any day.

Yowani CC Bowling Club

Grades - 3, 4, 6

Yowani will be looking to improve on some of their results from last season, but they've got a strong history of integration between male and female players which should translate to a cohesive unit across the grades. Sources tell me the greens are flying at Yowani as well, which should translate to a fantastic day out for visiting teams, though they'll be looking to put an end to the good times quickly for others. Definitely coming into the season underrated, Yowani will be pushing most clubs and showing a great improvement from previous seasons.

Yass Bowling Club

Grades - 2, 4, 7

Some player movement has forced Yass to drop their top side into Grade 2 for 2022, with the ambition to be competitive in the competition. No doubt they will be after an up and down season through 2021. Remains to be seen how they go through the year, its always a bit difficult to get a read from Yass, but they should be producing some strong bowls across multiple competitions.
